Greetings Ervin Lions families,

Welcome back to the new 2020/21 school year! As you are aware, we are making some adjustments to the school year in an effort to provide as safe as an educational environment as possible. Our school district is beginning the year in **RED status, which means all instruction will be done virtually through October 21st, at this time.** Although some things will be different, one thing will not be... that is our excitement for the return of our scholars – your children to Ervin Elementary School, where we serve children in PK through 5th grade.

As part of ongoing support for our families, we are offering a series of classes through a partnership with Behavior Intervention Support Team (BIST). These training sessions are designed to help you manage your child's virtual learning, provide ways you can support your child's developing behavior skills, and increase consistency between home and school. These sessions are offered free to our families.

BIST Virtual Parenting Series
