

Dear Parents,

I am writing to introduce myself as the new principal at Truman Elementary. I am thrilled to have this opportunity to lead such an esteemed and well-respected school community.

I have been an educator for 27 years, and I bring a wealth of experience to this role. Throughout my career, I have been committed to providing a positive and supportive environment that empowers students to achieve academic success and personal growth.

As the new principal, my top priority is to create a school culture that prioritizes the well-being and success of your child. I believe that every student has unique talents and strengths, and my goal is to create a learning environment that encourages students to build upon their existing skills and knowledge while providing new opportunities to learn and grow.

I believe in forming strong partnerships between the school and parents, and I look forward to working closely with you to ensure that your child receives the best possible education. I believe that communication and collaboration are key components of a successful school community, and I welcome your ideas, suggestions, and feedback.

I am excited to be a part of the Truman community, and I am looking forward to the school year ahead. I am committed to making your child's school experience a positive and memorable one.

Sincerely,

Angela M. Owens  
Principal, Truman Elementary
