Dear Compass Families,

Welcome to Compass, an active community of learning. We look forward to working with you and your child. You are encouraged to become involved in your child’s daily events at school. Our Title I School-Parent-Student Compact and Compass Parental Involvement Plan will offer information and great opportunities for you to partner in the education of your child. It is the goal of our staff to ensure that your children feel safe at school and challenged to experience every opportunity to achieve success.

As your child’s first teacher, partnering with the school and encouraging your child to do their personal best each day will aid in your child’s success. Students today are offered numerous opportunities to assist them in becoming problem solvers. With our district wide STEAM and Project Based Learning implementation, all of our students will receive transformative learning experiences designed to prepare our students for college and careers. Rigorous coursework and assessing for mastery of the objectives takes place regularly in the classroom and students will be provided many opportunities to demonstrate what they have learned.

Our staff recognizes that children learn at their own pace and we provide every opportunity for children to succeed. We have a professional, highly trained staff willingly available to be your partner in education. Please take time to meet your child’s teacher and the staff that will be working with your child. You are invited and encouraged to join PTA, become a classroom volunteer or volunteer in other aspects of our school community. We want to be your partner in assisting your child in reaching their full potential in academics and in social and character development.

Please do not hesitate to call us at 816-316-7750.

Sincerely,

Principal Erica Hoard
**ARRIVAL** - Students that are enrolled in LINC may arrive at 6:30 a.m. School officially opens at 9 a.m. and breakfast is served until 9:25 a.m. (the official start of the school day). Students that arrive after 9:25 are tardy and must be signed in to the office by a parent/guardian.

**DISMISSAL** - We begin our dismissal process each day at 3:40 p.m. To preserve the educational environment, we ask that parents NOT pick up students during the final 30 minutes of each day (between 3:30 and 4). Parents are asked to pick up students for appointments prior to this time or to wait until the dismissal bell

- Walkers will meet in a designated area and will be escorted by Compass Team members to the crosswalks.
- Bus riders will be escorted to buses by their classroom teachers.
- Car-riders will be supervised by Compass staff until they board their waiting vehicles.

For your child’s safety, all adults picking up car riders will need a car rider tag. Car rider tags may be picked up from the office. If the adult picking up the student does not have a car rider tag they will be asked to go to the office to confirm that they have been given clearance to pick up the student. Please keep in mind that it is not our desire to inconvenience you but to keep students safe.

Car riders not picked up by 4 p.m. will be escorted to the office area to await their rides. If you are late picking up your student you will need to come to the office for pick up.

Children will not be allowed to leave school in a different way/route than their normal manner without prior notice of consent from their parent/guardian. Please remember to send written directions, each day, if your child will be traveling home in a way other than his/her normal routine. If it is not possible to send written notification the parent/guardian MUST call the office prior to 3:00 p.m. Calls received after 3:00 p.m. cannot be guaranteed to reach your child and if this is the case, your child will be sent home via his or her regular route. Please discuss procedures for dismissal with your child. Should you leave your children in the care of others, please inform the school office of contacts to make in case of an emergency or questions that may arise regarding changes in transportation to and from school. Children will be released only to the custodial parent or their designee. The school must be advised if custody or guardianship changes and must be provided legal documentation. Compass provides a before and after school LINC Program that opens at 6:30 a.m. and closes at 6:00 p.m. Please contact the school for more information if needed.

**GUARDIANSHIP AND CUSTODY** - If both parents are listed on a child’s birth certificate then both are considered legal guardians unless the school is in receipt of a legal notarized declaration signed by a judge. Custodial parents/guardians are encouraged to keep the school informed of changes in legal custody and to provide documentation. Please supply the school with any legal papers concerning custody or visitation. Original documents are required for all legal agreements and the school will make a copy for our records from the original documentation.

**TEXTBOOKS AND SUPPLIES** - Textbooks, iPads and library books are furnished by the District and distributed to children by the classroom teacher. Should a textbook, iPad or library book become lost or damaged, the student to whom the book is checked out will be held responsible and will be charged according to the replacement cost. Please stress to your child the importance of respect for school materials and property. Please check frequently to see that your child has supplies such as pencils and paper.

**HOMEWORK** - Students at Compass will be required to complete homework. Homework will be given for the purpose of reinforcing concepts that were taught throughout the day. Homework may also be given for the purpose of enrichment. At Compass we believe nightly homework can assist students in developing study habits that will lead to self reliance and work independance.

**PROGRESS REPORTS** - The Compass faculty is committed to working closely with parents to provide the best possible education for their children. Effective and frequent communication is an important part of this process. To ensure frequent and specific feedback regarding student performance, progress reports are issued eight times throughout the school year. Midterm reports are issued approximately half way through each quarter and report
cards are issued at the end of each quarter. Report cards are sent home with students. Final report cards are sent home with students on the last day of the school year. Parent visits and phone calls regarding student achievement are always welcome.

GRADE RETENTION: Compass students earn promotion by meeting content standards in language arts and math and demonstrating sufficient academic growth toward the prerequisite language arts and math content standards for success at the next grade level. Students will be promoted to the next grade level if they are meeting grade level expectations as identified by local and State Department of Education core subject objectives. Student achievement is determined on the basis of objective data using multiple assessments. Grade level achievement reflects the necessary attainment of prerequisite standards along with other developmental factors (social, emotional, and physical). Compass students earn promotion when the established grade level criteria are met. Teachers will keep parents and guardians frequently informed of the student’s achievement. Teachers will arrange to meet with the Compass SAFE Team on behalf of any student not meeting academic goals. The purpose of this meeting is to identify, determine and implement early intervention strategies, as determined by the SAFE Team.

Retention is facilitated in such a manner to engender student esteem, engage family support, and provide teacher adaptations or accommodations to produce new learning experiences. Retention may be considered when, in the judgment of the professional staff, it is in the best educational interest of the student involved. Parents/Guardians will receive prior notification and explanation concerning the retention. However, the final decision will rest with the school administration. State law does require that all students who are reading below a third-grade reading level according to the district’s fourth-grade reading assessment shall be retained if the student has not adequately improved after attending tutoring and summer school. If a student fails to attend remediation assigned as a condition of promotion, the student will be retained.

ASSIGNMENT/REASSIGNMENT OF STUDENTS TO CLASSROOMS: It is the goal of Compass to provide the best possible education for all students. In placing students into elementary classrooms, the following guidelines shall be followed:

- Students will be heterogeneously assigned which will ensure that every classroom will contain students of varied academic capabilities, leadership qualities and behavioral characteristics.
- Teachers shall work with the principal in selecting students for all classrooms. In selecting students, ability levels, compatibility with other students and teachers, social skills (maturity level), and behavior will be considered.
- There shall be a mixture of high, average, and below average students in each classroom.
- Requests from parents for a particular teacher will be considered but are not controlling or determinative.

There are occasions when a child may be placed into a classroom that is not compatible with a particular student's learning style. In those cases, the parent(s)/guardian(s) may request a change in placement of his/her child by submitting a written request for a change, with justification founded on specific educational needs. To accommodate this request, the following procedure will be used:

A conference will be scheduled with the parent, the current classroom teacher, the counselor and the principal to discuss concerns and to troubleshoot possible solutions and develop a plan for improvement. If the student is in special education, the conference will include the IEP team.

- If the concern has not been resolved after two weeks a written request should be made to the principal for a possible transfer, with justification founded on specific educational needs. Documentation must indicate facets of the plan not working.
- The principal will work with the counselor and will consider the request and a final decision will be determined.

LUNCH PROCEDURES: We encourage healthy eating habits. Students that are being provided a school lunch are not allowed to bring extra food (chips, juice, etc). Students may bring a full lunch from home if they want to eat chips, juice, etc. All food must be eaten in the cafeteria (unless there is an allergy need or special
approved purpose for eating elsewhere). Food that is not eaten must be thrown away before the student leaves the cafeteria.

- Students will take all required lunch items.
- Students will sit with their class.
- Students will talk quietly and use good table manners.
- Students will not trade or touch another student's food.
- **Students will not bring pop and candy unless part of their home prepared lunch.**
- Students will use appropriate language.
- Students will not throw food, run, or play in the cafeteria.
- Students will not leave their seat without the permission of a lunch supervisor.
- Students will clean their area and exit the cafeteria when given permission by a lunchroom supervisor.
- Students will not be released at an unscheduled lunch time to eat with parents/visitors in the building.

**VISITORS** - Parents are welcome to visit classes and are encouraged to attend student assembly programs. All visitors must report to the building office upon arrival. Parents wishing to visit classes during school hours are asked to make prior arrangements with the office and teacher(s) at least 24 hours before a desired visit. Beginning September 17, 2018, upon entering a district building, visitors will be asked to present a government-issued ID, such as a driver's license, which can either be scanned or manually entered into the system. If a parent or guardian for any reason does not have a US government-issued ID, the school staff member may use any form of identification that has the person’s name. This information can be manually entered into the Raptor system. Once entry is approved, the Raptor system will issue a badge on-site that identifies the visitor, the date, and the purpose of his/her visit. A visitor's badge **will not be necessary for those who visit our schools simply to drop off an item in the office or pick up paperwork. A badge is required if a visitor is going beyond the school office.** While students benefit from parents observing their classes and these visits help parents understand classroom dynamics, such visits are limited to teacher approved instructional times and to observation only, not interactions so as to not distract from the learning environment. If distractions occur, parent/guardian visiting rights may be revoked. Child visitors are not permitted during the instructional day and children requiring supervision are discouraged during teacher conferences, parties, and other school events.

**PARENT VOLUNTEERS** - Parents are encouraged to volunteer in the school by making prior arrangements to do so with teachers and staff. Volunteers **will be required to complete and pass a district background check prior to working with staff and students and must report to the office upon arrival and departure of the building.** Beginning September 17, 2018, the Volunteer module will be in place. The Volunteer module is a web-based module and allows district patrons to complete an application via the Web Portal and submit the application for review/acceptance to be cleared to support multiple district endeavors via volunteering.

There is a $5 fee per background check **paid by the District patron** for volunteers which includes a more thorough check than the visitor-only background check at the building level.

Any district patron wishing to volunteer as a field trip chaperone, tutor or consultant, must complete an application and be approved prior to volunteering. An initial request for those two volunteer opportunities must first be made using the following website link. Someone from the district will contact you to start a background check when the request is received.

**ALL-IN MENTORS** - Compass welcomes the opportunity for mentorship. We believe it is an excellent way to mold future student leaders. In order to promote mentorship the district has the All-in Mentoring program. A district patron wishing to become an All-in Mentor should complete a background check by using the following website link.

Results of the background check must be received by the district and officially approved before volunteering, tutoring or participating in All-in Mentors.
Results of the background check will be submitted to the building/district designee. The district patron will then be notified they are cleared to begin to volunteer. The volunteer approval process will be an annual process – renewable up to 60 days prior to the end of the school year. A reminder email will be sent to all approved volunteers as the 60-day timeframe nears the end.

**BIRTHDAY AND PARTY INVITATIONS** - Birthday party invitations may not be distributed at school unless invitations are issued to every student in the class. **Birthday treats may be brought to school for sharing with classmates at the end of the day if pre arranged with the classroom teacher.** Please make advance arrangements with your child’s teacher so that he/she may prepare for this special time. If the teacher will be absent or if birthday treats will be a distraction on a particular day then that birthday may need to be celebrated on a different day. Only pre-packaged treats may be distributed for birthday treats at school. In keeping with the District Wellness Program, birthday treats should be nutrient dense. Examples – fruit, pretzels, 100 calorie packs, string cheese, granola bars. PLEASE DO NOT BRING OR SEND FLOWERS, BALLOONS, OR OTHER BIRTHDAY GIFTS TO SCHOOL. If these items are brought or sent they will need to remain in the office until dismissal.

**TELEPHONE** - The school office will take emergency messages to deliver to students. Please do not ask to speak to the child because of the interruption it causes to classroom instruction. Student use of the telephone will be limited to emergencies only. Please do not call your child’s mobile phone as this is a violation of school policy and if your child’s phone rings or if your child uses his or her phone in school, your child will be subject to disciplinary consequences.

**RECESSES** - All students are expected to join classmates on the playground for daily recess activities. Recesses may be moved indoors at the discretion of the school staff because of weather or playground conditions. If your child has a health problem and needs to stay inside from recess or not participate in P.E., a doctor’s note and or school nurse note will be honored. The excuse should state the problem and the specific period of time that the student will need to remain indoors and/or not participate in Physical Education.

**Recess Guidelines** - We will intend to go outside everyday as long as the wind chill (“Feels Like” temperature) is above 20 degrees and it is not precipitating (we might go out if it is snowing lightly as long as the play surface is safe).

- If 20 degrees or below (temperature or wind chill according to district web site), we will not go out
- Between 25 and 40 degrees, children must wear: Winter coat; Long pants; Closed shoes or boots; Stocking caps and gloves are recommended
- Between 41 and 50 degrees, children must wear: Winter coat or (heavy jacket over long sleeved clothing); Long pants; Closed shoes or boots; Stocking caps and gloves are optional
- Between 51 and 60 degrees, children must wear: Winter coat or heavy jacket or sweatshirt; Long pants; Closed shoes or boots; Stocking caps and gloves are optional
- Heat index. If the index (feels like) is 90-100, water access (we will make sure students get drinks before and after and even during if needed. If heat index is over 100, students will stay inside

At any time the recess supervisor may determine to have indoor recess depending on weather or personal wellness. For health considerations, we are unable to loan winter clothing for recess. **If financial limitations are preventing any of our families from providing adequate winter clothing, please contact us at school and we will work to ensure your child receives an adequate donated winter coat.**

**DRESS CODE** - The Hickman Mills C-1 Dress for Success expectations are designed to promote a safe and appropriate learning environment while contributing to students’ preparation of success. Students’ attire must not distract, disrupt or interfere with teaching and learning or disrupt the climate of the school.

- For health and safety concerns, shoes must be worn at all times.
- Jewelry or accessories that may be used as weapons including but not limited to wallet chains, spiked rings, spiked bracelets, two or three finger rings that are joined, spikes, oversized belt buckles and bulky chains worn around the neck or waist.
Clothing is prohibited when an administrator deems unsuitable, creates an unsafe environment, draws inappropriate attention, interferes with instruction, or threatens the health/safety of the learning environment.

Appropriate coverage of the body is expected, defined as being covered from shoulder to mid-thigh (about 3 inches above the knee). Chest, back, ribs, midriff, underarms and buttocks must be covered. Undergarments (sports bras, bra straps, boxers or shorts worn under pants) may not show. Sagging is not permitted. All shirts must have sleeves.

**NOT PERMITTED:**

- Headphones (such as Dre-beats), wireless headsets (Bluetooth) unless used for an academic purpose with the permission of the building administrator.
- Metal picks & combs, hats, hoods, bandana print, wave caps, sweatbands, sunglasses or any head covering (religious reason is excluded)
- Excessively ripped jeans, leggings, spandex pants, see through tights or yoga pants worn alone, pajama pants, skirt slits/splits (3 inches above the knee)
- Blankets, large bags
- Backless shoes, slippers, slides, heels (over 3 inches), shoes with spikes
- Clothing that is see through, revealing, profane, displays profanity or words/symbols that advocate or depict violence, ethnic/racial slurs, drugs, alcohol, tobacco, sex, illegal gang affiliation or other illegal activity expressed or implied

*Students failing to comply with the Dress for Success Policy will be held accountable by being asked to cover-up, change, contact a parent/guardian or receive a non-compliance consequence.*

**FIELD TRIPS** - Each grade level typically will go on one or more field trip(s) during the school year. Parents are sometimes asked to attend and help supervise children on these trips. **However, any district patron wishing to volunteer as a field trip chaperone must complete an application and be approved prior to volunteering.** An initial request for volunteer opportunities must first be made using the following website [link]. Someone from the district will contact you to start a background check when the request is received. Field trips are school functions and not intended as family events. Adult friends, non-custodial relatives, non-grade level siblings, and other children are not permitted to attend field trips. All students are to stay with the group and abide by the guidelines set forth for all of the students. We may not be able to accommodate all parents who wish to help with these trips. We know that our parents understand the circumstances and will appreciate and assist our efforts to provide the children with field trip opportunities. Students are required to ride to and from the school event on the bus unless prior arrangements are made with the principal.

**GOOD THINGS TO SHARE AT SCHOOL/LEAVE HOME** - State law requires that all school districts comply with the Missouri Safe Schools Act. We need to ensure that all students are safe at all times. Students may not wear shoe skates. During share time we ask that they bring only items that are interesting to share, such as photos, favorite stuffed animals, vacation items. Other items such as toys, radios, games, phones and articles not directly related to educational goals should not be brought to school. In addition, it is recommended that students bring only the amount of money required for a specific purchase, since the risk of loss is ever present. Students’ school supplies, coats, jackets, etc. should be clearly marked with their first and last names. The school cannot safeguard or be responsible for lost, stolen or damaged personal property.

**MOBILE PHONES** - **Students are required to keep all mobile phones in their backpacks and turned off when they arrive at school. Students ARE NOT allowed to use their phones during the school day.** Mobile phones can be turned on once students have left campus at the end of the day. Any messages from parents that need to be given to students may be done by calling the front office at 816-316-7750 or by contacting the classroom teacher’s phone or through email. Class tag or class dojo may also be used to leave a message. Use of mobile phones by students will not be tolerated under any circumstances. Students who violate the mobile phone policy and procedures (including students using their phones to contact parents) will have their phones confiscated and parents/guardians will have to pick up the phones at the front office. Students using personal phones at school will also be subject to disciplinary consequences.
STUDENT DISCIPLINE - Compass utilizes building wide behavior expectations. This allows all students to understand the behavior expectations of Compass no matter where they are in the building.

Compass also follows the Behavior Intervention Support Team (BIST) philosophies and Restorative Practices to teach and protect and reinforce behavior expectations.

The purpose of the BIST system is to help students manage their behavior in a way that does not interfere with their own learning and/or the learning of others. The following steps may be taken to help students become accountable for their actions when he/she chooses not to follow classroom rules:

- **Safe Seat**: The safe spot is a designated area in the student's regular classroom. It is intended to provide a safe place for students where their inappropriate behavior can stop and the student can begin 'taking responsibility' for their behavior while continuing his/her academic course work.
- **Buddy Room**: The buddy room is simply a safe spot in a classroom other than the student's scheduled classroom.
- **Cross Grade Level Room**: If a student is not successful in the buddy room, he or she may be asked to work in another teacher partner’s room in another grade level until such a time that the classroom teacher can process with the student back to the classroom.

**Behavior Bottom Lines** for each classroom to increase teaching and learning:

- If the learning of the class is not the same or better when you are here, you cannot be here for the time being.
- No one child has the right to come to school and take away learning from other students.
- If you are hurtful to other students, you can’t be around other students.

Working through Restorative Practices, misbehaving students deal with the harm they have caused to individuals and to the school community. An understanding of the harm done and a restoring of safety or relationships starts to happen and the emphasis of learning in a caring environment can resume.

**Key Goals of Restorative Practice:**

- To understand the harm and develop empathy for both the harmed and the harmer
- To listen and respond to the needs of the person harmed and the person who harmed
- To encourage accountability and responsibility through personal reflection within a collaborative planning process
- To reintegrate the harmer (and, if necessary, the harmed) into the community as valuable, contributing members
- To create caring climates to support healthy communities
- To change the system and why it contributes to the harm

**5 Common Beliefs of Restorative Practices:**

- Fostering awareness
  - Helps bring consequences of actions to offenders and victims.
  - Prefrontal cortex last part of brain to develop controls decision making
- Avoiding lecturing and scolding
  - Flight (withdrawal, tune out) or fight (a need to defend themselves-yell back) is the responses of students.
  - Use ‘tools’ (will share today) to avoid lecturing and scolding
- Seeing instances of wrongdoing as opportunities for learning
  - How to repair harm- always give it back to them (restitution)
- Accepting ambiguity
  - Offender and offended get together and work it out.
- Involving students actively
  - Guide on the side and asking open ended questions
The Compass staff believes that teaching responsibility is an important element of an effective discipline plan. The foundation for student success is set through establishment of high expectations for students’ behavior, positive reinforcement of appropriate behavior, and logical consequences for misbehavior. This structure teaches students to make choices and accept the rewards and consequences for their choices in terms of behavior. Classroom teachers, with input from students, will determine and distribute to each child a copy of the grade level discipline plan to be shared and discussed with parents. Because we believe strongly in the importance of parent-teacher partnerships, ongoing dialogue regarding student progress is encouraged. Please contact your child’s teacher with any suggestions or comments you might have that you feel would enhance their working relationship.

The final consequence for disregarding classroom, playground, lunch, hallway and bus rules is an office referral. **Extreme verbal or physical harm of those in authority will not be tolerated.** If the student is causing a flagrant disturbance, the student will not work through the classroom discipline system but instead will be referred immediately to the office. When the student is sent to the principal for disciplinary action, the **Hickman Mills C-1 School District Student Policy Handbook** will be utilized. Parents/Guardians will be informed by phone or written referral regarding any significant disciplinary situation involving their child. Parents may also be asked to confer with the student, teacher, and administration at school. **Parents/Guardians may not be notified for minor redirected infractions as this is part of the learning process and not considered discipline.**

**BELLigerENT RESPONSES BY PARENTS** - Unlawful responses by parents, in a school setting, which step over the line of “disagreement” with decisions made by school officials in discipline matters, will not be tolerated. This includes the use of profanity, threats or intimidation, uncivil behavior, and libelous statements (ie. on social media such as Facebook). Such actions will be sufficient grounds to seek law enforcement intervention.

**MEDICAL INFORMATION**

- **Immunization of Students** - All students attending Compass must be immunized in accordance with law. The district will not allow a student to attend school until the district has satisfactory evidence on file that the student has been immunized, that the immunization process has begun and satisfactory progress is being accomplished or that the student is exempted from obtaining immunizations in accordance with the law.

- **Administration of Medications to Students** - Hickman Mills and Compass prohibit students from possessing or self-administering medications while on school grounds, on district transportation or during district activities unless explicitly authorized in accordance with this policy. Medications will only be administered at school when it is not possible or effective for the student to receive the medication at home. All medications must be delivered to the school by a parent/guardian and medicine may not be carried to school by the student. All medication requires a signed permission slip to be on file with the nurse.

- **Over-the-Counter Medications** - The district may administer over-the-counter medication to a student upon receipt of a written request and permission to do so by a parent/guardian. All over-the-counter medication must be delivered to the school by a parent/guardian in the manufacturer’s original packaging and will only be administered in accordance with the manufacturer’s label.

TO PARENTS/GUARDIANS:

We believe that well-informed parents/guardians promote a positive school environment. Consistent with this philosophy, we are encouraging you to read the Student Handbook in its entirety so that you may become acquainted with the various phases of school life. In this handbook, you will note that we have included regulations, the Code of Student Conduct, activities, clubs, and general information which will aid a student in becoming a productive member of the school community.

TO OUR STUDENTS:

This handbook has been developed to inform you of the policies, procedures, and organizations of your school. We hope that it will assist you in making your school days pleasant and productive. It is the responsibility of each student and parent to read, understand and abide by this handbook.

Any changes to the handbook will be posted on the district's website - www.hickmanmills.org.

Some individual school procedures may vary according to each school’s improvement plan approved by the Hickman Mills C-1 School Board.

SECTION I - STUDENT RIGHTS AND RESPONSIBILITIES

Students have the right to:

✓ a meaningful curriculum that shall meet their immediate and future needs;

✓ voice their opinions in the development of their curriculum;

✓ pursue their education under competent instruction;

✓ take part in in-school (instructional) activities and to decide if they want to take part in after-school (extracurricular) activities.

Students have the responsibility to:

✓ attend all classes regularly and on time;

✓ contribute to the total classroom and school atmosphere in a manner that keeps it wholesome and conducive to learning;

✓ complete all classroom assignments and meet requirements for all class objectives;

✓ respect the rights of others and respect the views and backgrounds of those that differ from their own;

✓ meet the approved criteria required for participation in instructional and extracurricular activities; follow bus, classroom, school, and all Hickman Mills C-1 Schools’ rules and procedures in and out the classroom, on the bus, and at school-related activities.

Admission, Registration, and Immunization Requirements

Assignment within District

The School Board directs that the assignment of students to schools within this district be consistent with the best interests of students and the best use of the resources of this district.

The Board shall establish attendance zones for each school. All students, unless otherwise provided by Board policy or authorized by the Superintendent, shall attend the school serving the student’s attendance area.

Immunization Requirements for School Entry

- All students must present documentation of up-to-date immunization status, including month, day, and year of each immunization before attending school.
- The Advisory Committee on Immunization Practices (ACIP) allows a 4-day grace period. Students in all grade levels may receive immunizations up to four days before the due date.
- Required immunizations should be administered according to the current Advisory Committee on Immunization Practices Schedule, including all spacing, (http://www.cdc.gov/vaccines/schedules/index.html).
- To remain in school, students "in progress" must have an Immunization In Progress form (Imm.P.14) on file. In progress means that a child has begun the vaccine series and has an appointment for the next dose. This appointment must be kept and an updated record provided to the school. If the appointment is not kept, the child is no longer in progress and
is noncompliant. (i.e., Hep B vaccine series was started but the child is not yet eligible to receive the next dose in the series.)

- Religious (Imm.P.11A) and Medical (Imm.P.12) exemptions are allowed. The appropriate exemption card must be on file. Unimmunized children are subject to exclusion from school when outbreaks of vaccine-preventable diseases occur.

A student is tardy when the student arrives after the beginning of the school day or when he/she is not in his/her assigned seat or location when the tardy bell rings.

A student has the responsibility to be in class on time. A student failing to make an effort to attend class shall be considered truant and subject to disciplinary action. A student’s excessive unexcused tardiness shall be considered willful disobedience, and the student shall be subject to disciplinary action.

Elementary Students: Once students arrive on campus, they may not leave without
permission from an administrator or designee. In the event a student must leave early, the parent/guardian must make the request in person in the Main Office. A picture ID must be presented and the person must be listed on the student’s demographic information screen in Infinite Campus.

**Secondary Students:** Once students arrive on campus, they may not leave without the permission from their parent/guardian. Parents or guardians must inform the school in writing if they do not wish their student to participate in any portion of this program.

**School Wellness Programs**

Healthy Smiles

**SECTION II—CODE OF STUDENT CONDUCT/DISCIPLINE**

**Student Discipline – School Board Policy**

It is essential that the district maintain a classroom environment that allows teachers to communicate effectively with all students in the class and allows all students in the class to learn. To assist district staff in maintaining the necessary classroom environment, the Board of Education has created a discipline code that addresses the consequences, including suspension or expulsion, for students whose conduct is prejudicial to good order and discipline in the schools or impairs the morale or good conduct of other students.

The comprehensive written code of conduct of the district is composed of this policy and includes, but is not limited to, the following policies, procedures and regulations: JG-R, JGA, JGB, JGD, JGE and JGF. A copy of the district's comprehensive written code of conduct will be distributed to every student and the parents/guardians of every student at the beginning of
each school year and will be available in the superintendent’s office during normal business hours.

Application

These policies, regulations and procedures will apply to all students in attendance in district instructional and support programs as well as at school-sponsored activities. Off-campus misconduct that adversely affects the educational climate will also be subject to these policies, regulations and procedures. Students who have been charged, convicted or pled guilty in a court of general jurisdiction for commission of a felony may be suspended in accordance with law. When discipline is imposed and the range of consequences in Board policies, regulations or procedures includes in-school suspension and out-of-school suspension, it is the express preference of the Board of Education that students remain in an educational setting and receive in-school suspension. Each case must be judged individually.

The preference for in-school suspension does not apply to incidents involving acts of physical violence or the possession, use or sale of weapons, alcohol or controlled substances. The Board authorizes the immediate removal of a student upon a finding by a principal or superintendent that the student poses a threat of harm to self or others, as evidenced by the prior conduct of such student. Any such removal will be subject to the appropriate due process procedures and in accordance with law.

No student may be confined in an unattended locked space except in an emergency situation while awaiting the arrival of law enforcement personnel. For the purpose of this policy, a student is unattended if no person has visual contact with the student, and a locked space is a space that the student cannot reasonably exit without assistance.

Enforcement

Building principals are responsible for the development of additional regulations and procedures regarding student conduct needed to maintain proper behavior in schools under their supervision. All such regulations and procedures shall be consistent with Board-adopted discipline policies.

Teachers have the authority and responsibility to make and enforce necessary rules for internal governance in the classroom, subject to review by the building principal. The Board expects each teacher to maintain a satisfactory standard of conduct in the classroom. All district staff are required to enforce district policies, regulations and procedures in a manner that is fair and developmentally appropriate and that considers the student and the individual circumstances involved.

All employees of the district shall annually receive instruction related to the specific contents of the district’s discipline policy and any interpretations necessary to implement the provisions of the policy in the course of their duties including, but not limited to, approved methods of dealing with acts of school violence, disciplining students with disabilities and instruction in the necessity and requirements for confidentiality.

Reporting to Law Enforcement

It is the policy of the Hickman Mills C-1 School District to report all crimes occurring on district property to law enforcement including, but not limited to, the crimes the district is required to
report in accordance with law. A list of crimes the district is required to report is included in policy JGF.

The principal shall also notify the appropriate law enforcement agency and superintendent if a student is discovered to possess a controlled substance or weapon in violation of the district's policy.

In addition, the superintendent shall notify the appropriate division of the juvenile or family court upon suspension for more than ten days or expulsion of any student who the district is aware is under the jurisdiction of the court.

In an effort to reduce student suspension time, when violations of this discipline code do not create an immediate danger to students, staff or visitors to district property, students will be referred to the Kansas City Youth Court rather than law enforcement. The district will still report offenses to law enforcement when required by law, even if the student is referred to the Kansas City Youth Court.

The principal, designee or other administrators or school staff will maintain all discipline records as deemed necessary for the orderly operation of the schools and in accordance with law and policy JGF.

**Conditions of Suspension, Expulsion and Other Disciplinary Consequences**

All students who are suspended or expelled, regardless of the reason, are prohibited from participating in or attending any district-sponsored activity, or being on or near district property or the location of any district activity for any reason, unless permission is granted by the superintendent or designee. In addition, the district may prohibit students from participating in activities or restrict a student's access to district property as a disciplinary consequence even if a student is not suspended or expelled from school, if appropriate.

In accordance with law, any student who is suspended for any offenses listed in § 160.261, RSMo., or any act of violence or drug-related activity defined by policy JGF as a serious violation of school discipline shall not be allowed to be within 1,000 feet of any district property or any activity of the district, regardless of whether the activity takes place on district property, unless one of the following conditions exist:

1. The student is under the direct supervision of the student's parent, legal guardian, custodian or another adult designated in advance, in writing, to the student's principal by the student's parent, legal guardian or custodian, and the superintendent or designee has authorized the student to be on district property.
2. The student is enrolled in and attending an alternative school that is located within 1,000 feet of a public school in the district.
3. The student resides within 1,000 feet of a public school in the district and is on the property of his or her residence.

If a student violates the prohibitions in this section, he or she may be suspended or expelled in accordance with the offense, "Failure to Meet Conditions of Suspension, Expulsion or Other Disciplinary Consequences," listed below.

**Prohibited Conduct**
The following are descriptions of prohibited conduct as well as potential consequences for violations. Building-level administrators are authorized to more narrowly tailor potential consequences as appropriate for the age level of students in the building. All consequences must be within the ranges established in this regulation. In addition to the consequences specified 15 here, school officials will notify law enforcement and document violations in the student's discipline file pursuant to law and Board policy.

**Code of Student Conduct/ Discipline Code - BOE Policy JGR**

The Code of Student Conduct is designed to foster student responsibility, respect for others, and to provide for the orderly operation of district schools. No student code of conduct can be expected to list each and every offense that may result in disciplinary action; however, it is the purpose of this code to list certain offenses which, if committed by a student, will result in the imposition of a certain disciplinary action. Any conduct not included herein, any aggravated circumstance of any offense, or any action involving a combination of offenses may result in a disciplinary consequence that extend beyond this code of conduct as determined by the principal, superintendent and/or Board of Education. In extraordinary circumstances where the minimum consequence is judged by the superintendent or designee to be manifestly unfair or not in the interest of the district, the superintendent or designee may reduce the consequences listed in this policy, as allowed by law. This code includes, but is not necessarily limited to, acts of students on district property, including playgrounds, parking lots and district transportation, or at a district activity, whether on or off district property. The district may also discipline students for off-campus conduct that negatively impacts the educational environment, to the extent allowed by law.

For the purposes of this regulation, "days" refers to school days unless otherwise indicated.

HMC-1 is proud to model practices of the National Conflict Resolution Center to provide restorative tools and support to our schools. Restorative practices provide alternatives to traditional student discipline. The purpose of restorative practices is to further cultivate community on campuses with a focus on building strong relationships. Restorative practices hold students accountable for their actions while giving them a high level of support to create a campus culture of learning and safety for all school community members. Where appropriate, the District encourages the use of restorative practices when addressing violations of the Code of Student Conduct.

**Restorative Principles**

- Building strong relationships
- Creating a safe and supportive campus environment
- Creating opportunities for empathic dialogue
- Taking responsibility for actions
- Including all school community members
- Establishing consensus based decision making
- Focusing on harms, needs, obligations, and causes
- Expanding the capacity of school community to create a just and fair response.
- Three Tiers of School, Based Restorative Justice.

**TIER 1 (T1)** uses restorative conversations and classroom circles to build strong relationships, create shared values and guidelines for classroom behavior, and promote a sense of belonging.
in the school community and ownership over individual actions. The goal of these communication tools is to build an intentional, equitable, and safe classroom environment for teachers and students that is conducive to learning. Tier 1 interventions are utilized at the classroom level without a need to escalate to an administrator.

**TIER 2 (T2)** uses restorative processes such as harm circles, mediation, in-school suspension and restorative conferencing to respond to disciplinary issues such as disorderly conduct, truancy, etc. These processes bring those affected by harm together to address the root causes of the incident, support accountability for the student responsible, and promote healing for impacted community members such as teachers, other students, staff, administrators, and school police. All parties develop an accountability plan for the student to support them in making better decisions and not re-offend.

**TIER 3 (T3)** supports the students regarding suspensions, truancy, and expulsion. The goal is to provide wrap-around support and promote student accountability and achievement.

**Academic Dishonesty** – Cheating on tests, assignments, projects or similar activities; plagiarism; claiming credit for another person’s work; fabrication of facts, sources or other supporting material; unauthorized collaboration; facilitating academic dishonesty; assisting another in such actions; and other misconduct related to academics.

**Student Suspension and Expulsion**

The following procedures apply to all students. **However, additional procedures for discipline for students with disabilities are sometimes required, as discussed in policy JGE, Discipline of Students with Disabilities.**

The Board of Education believes that the right of a child to attend free public schools carries with it the responsibility of the child to attend school regularly and to comply with the lawful policies, rules and procedures of the school district. This observance of school policies, rules and procedures is essential for permitting others to learn at school.

Therefore, the administration may exclude a student from school because of violation of school rules and procedures, conduct which materially or substantially disrupts the rights of others to an education, or conduct which endangers the student, other students or the property of the school. Furthermore, if a student poses a threat to self or others, as evidenced by the prior conduct of such student, the administration may immediately remove the student from school. Such
actions will be taken in accordance with due process and with due regard for the welfare of both the student and the school.

The terms "suspension" and "removal" refer to an exclusion from school that will not exceed a specific period of time and shall be subject to the due process procedures set forth for "suspensions" in this policy. The term "expulsion" refers to exclusion for an indefinite period. The district may honor suspensions and expulsions from another in-state or out-of-state school district including a private, charter or parochial school or school district pursuant to law and policy JEC, Student Admissions. Before making any decision to honor such suspensions or expulsions, the superintendent or designee will consider whether the student has received the due process required by law.

**Suspension for Off-Campus Criminal Activity**

In accordance with § 167.171, RSMo., students may not be readmitted or enrolled to a regular program of instruction in the school district if they have been convicted of an act that would be one of the following; had an indictment or information filed against them for one of the following; had a petition filed in juvenile court for one of the following; or been adjudicated to have committed an act that if committed by an adult would be one of the following:

- First degree murder under § 565.020, RSMo.
- Second degree murder under § 565.021, RSMo.
- First degree assault under § 565.050, RSMo.
- Forcible rape under § 566.030, RSMo.
- Forcible sodomy under § 566.060, RSMo.
- Statutory rape under § 566.032, RSMo.
- Statutory sodomy under § 566.062, RSMo.
- Robbery in the first degree under § 569.020, RSMo.
- Distribution of drugs to a minor under § 195.212, RSMo.
- Kidnapping, when classified as a class A felony under § 565.110, RSMo.

In accordance with law, this exclusion will not apply to a student with a disability as identified under state eligibility criteria who is convicted as a result of an action related to the disability. In addition, students may be suspended in accordance with law if they have been charged with, convicted of, or pled guilty in a court of general jurisdiction for the commission of any felony.

In these circumstances the district may provide the student an alternative education or take action to suspend or expel the student. If the superintendent or designee decides to suspend or expel the student, the district will follow the process detailed in this policy.

If the student’s presence will disrupt the educational environment, nothing in this policy will prevent the district from imposing discipline for conduct underlying the criminal offense even if the adult charge or juvenile petition has been dismissed or the student has been acquitted of the specific act in a criminal or juvenile court.

**Suspensions Process**

In Missouri, a principal may suspend a student for up to ten school days. A superintendent may suspend a student for up to 180 school days. Procedures for suspending a student are outlined below.
Before suspending a student, a principal or superintendent must (a) tell the student, either orally or in writing, what misconduct he or she is accused of; (b) if the student denies the accusation, explain, either orally or in writing, the facts that form the basis of the proposed suspension; and (c) give the student an opportunity to present his or her version of the incident.

If the principal or superintendent concludes that the student has engaged in misconduct punishable by suspension for more than 10 days, the procedures described below apply. **If the student has a disability as defined in the Individuals with Disabilities Education Act (IDEA) as amended or Section 504 of the Rehabilitation Act additional procedural safeguards described in the policy dealing with the discipline of students with disabilities apply.**

The principal or superintendent should determine whether the student should be suspended or whether less drastic alternative measures would be appropriate. In many cases, the principal or superintendent may decide not to suspend a student unless conferences (between the teacher, student and principal and/or between the parent, student and principal) have been held and have failed to change the student's behavior. If suspension is imposed, the student's parents or guardians must be promptly notified of the suspension and the reasons for the action.

**Student placements at the district’s alternative program may not be appealed.**

Any suspension by a principal must be reported, immediately and in writing, to the superintendent, who may revoke the suspension, either part or in full, at any time.

If a student is suspended for more than ten school days, the following rules also apply:

The student, his or her parents, guardians or others having custodial care have a right to appeal the superintendent's decision by delivering a request in writing to the secretary of the Board of Education at the district’s central office within 21 calendar days of the date of the notice of suspension, unless for good cause the time limitation is waived by the superintendent or designee.

Once a request for an appeal is received, the suspension shall be stayed until the discipline subcommittee or the Board renders its decision, unless in the superintendent's judgment, the student's presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process.

When notified of an appeal, the superintendent and designee shall promptly transmit to the discipline subcommittee and the parent/guardian a full report outlining the facts relating to the suspension and the actions taken. The report may also include the student’s discipline records, attendance record and any other information deemed relevant by the superintendent/designee.

The discipline subcommittee will hear the appeal, and the hearing shall take place as soon as it is practicable. The district will notify the parent/guardian in writing of the date of the hearing and that the parent/guardian may bring counsel, call witnesses and present evidence at the hearing.

The parent/guardian may request in writing one continuance for good cause shown. The request for continuance must be received at least one day prior to the scheduled hearing unless an emergency or other extreme circumstance prevents compliance with the time limit. If the discipline subcommittee does not rule upon the request prior to the hearing, the parent/guardian will be required to appear in the event that the request is denied.

Hearings before the discipline subcommittee will be conducted by counsel for the district. The superintendent or designee will minimally submit the written discipline report and provide an oral summary of the incident. The student with his or her parent/guardian may be present and
shall have the opportunity to respond to the report and to present any additional relevant information.

- The student, parent/guardian or superintendent or designee may appeal the decision of the discipline subcommittee to the Board of Education by delivering a request in writing to the secretary of the Board of Education at the district’s central office within seven calendar days of the date of the notice of the discipline subcommittee’s decision, unless for good cause the time limitation is waived by the superintendent or designee. The discipline subcommittee may also refer a decision to the Board. The hearing before the Board of Education will be conducted as described in the section of this policy dealing with student disciplinary hearings.

- The discipline subcommittee shall render a decision as soon as practicable following the hearing. The discipline subcommittee may on its own motion or upon the request of the superintendent or designee, student or parent/guardian refer the matter to the full Board of Education for review.

- In the event of an additional appeal to the Board of Education, the suspension shall be stayed until the Board renders its decision, unless in the superintendent's judgment the student's presence poses a continuing danger to persons or property or an ongoing threat of disrupting the academic process.

**Suspensions For More Than 180 School Days and Expulsions**

Only the Board may expel a student or suspend a student for more than 180 school days. The applicable procedures are outlined below.

1. Before recommending to the Board that a student be expelled or suspended for more than 180 school days, the superintendent must (a) tell the student, either orally or in writing, what misconduct he or she is accused of; (b) if the student denies the accusation, explain, either orally or in writing, the facts that form the basis of the proposed suspension/expulsion; and (c) give the student an opportunity to present his or her version of the incident.

2. If the superintendent concludes that the student has engaged in misconduct and should be expelled or suspended for more than 180 school days, the procedures described below apply unless the student has a disability. (In the case of a student with a disability, the procedures described in the policy dealing with the discipline of students with disabilities shall apply.)

   a. The superintendent will recommend to the Board that the student be expelled or suspended for more than 180 school days. The superintendent may also immediately suspend the student for up to 180 school days.

   b. Upon receipt of the superintendent's recommendation, the Board will follow the procedures described in the section of this policy dealing with student disciplinary hearings before the Board of Education unless, after meeting with the superintendent or designee, the parent/guardian waives, in writing, the right to an expulsion hearing.

3. If the student is expelled, he or she may later apply to the Board for readmission. Only the Board can readmit an expelled student.

**Student Discipline Hearings Before the Board of Education**

The Board of Education may originate student discipline hearings upon recommendation of the superintendent. In such cases, the Board of Education will review the superintendent's report and determine whether to conduct a disciplinary hearing. In addition, student discipline hearings also will be held upon written request of the student or the student's parents, to
consider appeals from student suspensions in excess of ten school days. A discipline hearing will always be held in cases of suspensions in excess of 180 school days or expulsions, unless after meeting with the superintendent or designee, the parent or guardian waives, in writing, the right to an expulsion hearing.

In conducting a disciplinary hearing, the Board will carefully consider the information presented by the administration and by the parent/guardian. In making its decision concerning guilt and innocence, as well as punishment, the Board will be mindful of Board discipline policies in place, the effect of its decision on the individual student and the safety and welfare of district students and staff.

In all hearings, whether initiated by the Board of Education or by appeal, the following procedures will be adhered to:

1. The student and the parents/guardians will be advised of the charges against the student; their right to a Board hearing; the date, time and place of the hearing; their right to counsel; and their procedural rights to call witnesses, enter exhibits and cross-examine adverse witnesses. All such notifications will be made by certified mail, addressed to the student's parents or guardians. The Board shall make a good-faith effort to have the parents or guardians present at the hearing.
2. The parent/guardian may request in writing one continuance for good cause shown. The request for continuance must be received at least one day prior to the scheduled hearing unless an emergency or other extreme circumstance prevents compliance with the time limit. If the Board does not rule upon the request prior to the hearing, the parent/guardian will be required to appear in the event that the request is denied.
3. Prior to the Board hearing, the student and the student's parents/guardians will be advised of the identity of the witnesses to be called by the administration and advised of the nature of their testimony. In addition, the student and the student's parents/guardians will be provided with copies of the documents to be introduced at the hearing by the administration.
4. The hearing will be closed unless the Board decides otherwise. The hearing will only be open with parental consent. The hearing will be conducted by counsel for the district and will be recorded by a certified court reporter.
5. At the hearing, the administration or their counsel will present the charges and such testimony and evidence to support such charges. The student, his or her parents/guardians or their counsel may present witnesses, introduce exhibits, and cross-examine witnesses called in support of the charges.
6. At the conclusion of the hearing, the Board of Education shall deliberate in executive session and shall render a decision to dismiss the charges; to suspend the student for a specified period of time; or to expel the student from the schools of the district. The administration or its counsel, by direction of the Board of Education, shall promptly prepare and transmit to the parents/guardians written notice of the decision. The Board of Education will not hear requests for reconsideration of its decisions regarding disciplinary matters, but will consider a request for readmission as described below.

**Request for Readmission**

The student or parent/guardian may apply to the Board of Education for readmission into the district's schools after a period of one year or one-half the disciplinary period, whichever is less; however, in no event shall the period be less than 60 days.
The student or parent/guardian shall submit to the superintendent or designee a written request detailing the reasons for readmission and including a summary of evidence to be presented to the Board. The Board shall review the request and the information provided by the student or parent/guardian to determine if a hearing before the Board should be granted. The Board may request information from the superintendent or designee regarding the request, but the decision to grant the hearing shall be within the sole discretion of the Board.

If a hearing is granted, it shall be informal and shall not be governed by the procedure relating to student disciplinary hearings. The district shall not be required to present evidence, but the superintendent or designee may make a recommendation and/or present evidence necessary to support that recommendation.

Remedial Conference

Prior to the readmission or enrollment of any student who has been suspended out of school or expelled in accordance with this policy for any "act of school violence" as defined in § 160.261.2, RSMo., and Board policy JGF, a conference may be held to review the student’s conduct that resulted in the suspension or expulsion and any remedial actions needed to prevent future occurrences of such conduct or related conduct. The conference shall include the appropriate school officials including any teacher directly involved with the conduct that resulted in the suspension or expulsion, the student, and the parent or guardian of the student or any agency having legal jurisdiction, care, custody or control of the student. The Board of Education shall notify, in writing, the parents or guardians and all other parties of the time, place and agenda of any such conference. Failure of any party to attend this conference shall not preclude holding the conference. This requirement applies to enrolling students transferring from another school as well, regardless of whether the "act of school violence" was committed at a public school or at a private school in Missouri, provided that such act shall have resulted in the suspension or expulsion of such student in the case of a private school.

Discipline of Students with Disabilities

It is the goal of the Hickman Mills C-1 School District to provide a safe and productive learning environment for all students. The district does not believe in a double standard for misbehavior and holds the welfare and safety of all persons in the district in highest regard. Students with disabilities will be disciplined in accordance with the district's discipline code applicable to all students, subject to the modifications mandated by law. All students, including those with disabilities, will be referred for law enforcement action when required by law and when their conduct constitutes a crime.

The district will comply with all state and federal laws governing the discipline of students with disabilities, including the Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973, applicable regulations and state and local plans for compliance with the law. In addition to the process outlined in special education law, students with disabilities will receive the same due process afforded other students.

The Board delegates to the superintendent or designee the authority to seek the removal of a student with a disability as allowed by federal or state law to an alternative educational setting through the state hearing process or to seek a court injunction ordering removal or a different educational placement.
The superintendent or designee will provide all district employees training on violence prevention, the district's discipline code and the legal requirements for disciplining students with disabilities. The Board delegates to the superintendent or designee the authority to contact the district's legal counsel for legal advice or training on the district's responsibilities.

Additional information regarding discipline of students with disabilities can be found in Board of Education policy JGE, JGE-AP1, JGE-AP2.

**Discipline Reporting and Records**

In compliance with state law, the Board of Education establishes clear channels of communication between teachers, administrators, law enforcement officials and other schools concerning acts of school violence and other behaviors that endanger the welfare or safety of students, staff or patrons of the district. The purpose of this policy is to designate specific actions committed by students that must be reported to teachers, administrators and/or law enforcement officials as well as those actions that must be documented in a student’s discipline record.

**Definitions**

The following definitions and terms apply to this policy:

**Act of School Violence/Violent Behavior** – The exertion of physical force by a student with the intent to do serious physical injury to another person while on school property, including while on school transportation in service on behalf of the district or while involved in school activities.

**Serious Physical Injury** – Physical injury that creates a substantial risk of death or that causes serious disfigurement or protracted loss or impairment of any part of the body.

**Serious Violation of District’s Discipline Policy** – One or more of the following acts if committed by a student enrolled in the district:

1. Any act of school violence/violent behavior.

**Need to Know** – Relates to school personnel who are directly responsible for the student’s education or who otherwise interact with the student on a professional basis while acting within the scope of their assigned duties.

**School or District Property** – Property utilized, supervised, owned, rented, leased or controlled by the school district including, but not limited to, school playgrounds, parking lots, school transportation and any property on which any school activity takes place.

**Reporting to School Staff**

School administrators shall report acts of school violence to all teachers at the attendance areas in which the involved students are educated and to other school district employees with a need to know the information to adequately supervise the students and to protect themselves or
others. In addition, any portion of a student’s individualized education program (IEP) that is related to demonstrate or potentially violent behavior shall be provided to any teachers and other district employees with a need to know the information.

The superintendent or designee will inform district employees with a need to know of any act committed or allegedly committed by a student in the district that is reported to the district by a juvenile officer or an employee of the Children's Division (CD) of the Department of Social Services, sheriff, chief of police or other appropriate law enforcement authority in accordance with state law.

Such reports shall not be used as the sole basis for denying educational services to a student.

**Reporting to Law Enforcement Officials**

Any crime listed in this section, or any act that if committed by an adult would be a crime listed in this section that is committed on school property, on any school transportation or at any school activity must be reported immediately by the appropriate school administrator to the appropriate law enforcement agency. The following acts are subject to this reporting requirement:

1. First- or second-degree murder under §§ 565.020, .021, RSMo.
2. Voluntary or involuntary manslaughter under § 565.023, .024, RSMo.

18. Stalking under § 565.225, RSMo.

- Immediate reporting of third-degree assault under § 565.070, RSMo., may not be required if an agreement with law enforcement exists.

If the district is aware that a student who is suspended for more than ten days or expelled is under court jurisdiction, the superintendent shall notify the appropriate division of the juvenile or family court of the suspension or expulsion.

All employees shall immediately report to the principal any incident that constitutes a crime, including any incident in which a person is believed to have committed an act that if committed by an adult would be first-, second- or third-degree assault, rape in the second degree or sodomy in the second degree against a student or school employee, while on school property,
school transportation or at school activities. Employees shall also inform the principal if a student is discovered to possess a controlled substance or weapon in violation of the district’s policy. The principal shall immediately report these listed offenses to the appropriate law enforcement agency and the superintendent. However, if the district has entered into an agreement with law enforcement regarding the reporting of third-degree assaults, the district will report third-degree assaults to law enforcement in accordance with that agreement.

School districts may report or disclose education records to law enforcement and juvenile justice authorities if the disclosure concerns law enforcement's or juvenile justice authorities’ ability to effectively serve, prior to adjudication, the student whose records are released. The officials and authorities to whom such information is disclosed must comply with applicable restrictions set forth in state and federal law.

**Reporting Third-Degree Assault**

The superintendent and the appropriate local law enforcement agency may develop a written agreement outlining the procedure for reporting any incident in which a student is believed to have committed an act that if committed by an adult would be third-degree assault. If such an agreement exists in the district, the principal shall report third-degree assaults to the appropriate local law enforcement agency in accordance with the agreement.

**Student Discipline Records**

The Board of Education directs the superintendent or designee to compile and maintain records of any serious violation of the district’s discipline policy for each student enrolled in the district. Such records shall be made available to all district employees with a need to know and shall be provided to any school district in which the student subsequently attempts to enroll within five business days of receiving the request, in accordance with state law. If a student is placed in another school by the CD, the records will be transferred to the new school within two business days after notification by the CD. Personally identifiable student records will only be released or destroyed in accordance with state and federal law.

Pursuant to Department of Secondary and Elementary Education (DESE) data reporting requirements, the district shall report rates and durations of, and reasons for, student suspensions of ten days or longer and expulsions.

**Confidentiality**

Any information received by a school district employee relating to the conduct of a student shall be received in confidence and used for the limited purpose of assuring that good order and discipline are maintained in the schools.

**Liability**

Teachers and authorized district personnel, including volunteers selected with reasonable care by the district, shall not be civilly liable when acting in accordance with the Board's policies, including the Board's discipline policies, or when reporting to the appropriate supervisor or other person acts of school violence or threatened acts of school violence, pursuant to law and district policy.
Corporal Punishment

For the purposes of this policy, corporal punishment is the use of physical force as a method of correcting student behavior. No person employed by or volunteering on behalf of the Hickman Mills C-1 School District shall administer corporal punishment or cause corporal punishment to be administered upon a student attending district schools.

A staff member may, however, use reasonable physical force against a student for the protection of the student or other persons or to protect property. Restraint of students in accordance with the district’s policy of student seclusion, isolation and restraint is not a violation of this policy.

SECTION III—PUBLIC NOTICES AND INFORMATION

Student Records

In order to provide students with appropriate instruction and educational services, it is necessary for the district to maintain extensive and sometimes personal information about students and families. These records must be kept confidential in accordance with law, but must also be readily available to district personnel who need the records to effectively serve district students. The superintendent or designee will provide for the proper administration of student records in accordance with law, will develop appropriate procedures for maintaining student records and will standardize procedures for the collection and transmittal of necessary information about individual students throughout the district. The superintendent and building principals will develop a student records system that includes protocols for releasing student education records. Principals are responsible for maintaining and protecting the student education records in each school. The superintendent or designee will make arrangements so that all district employees are trained annually on the confidentiality of student education records, as applicable for each employee classification.

Definitions

*Eligible Student* – A student or former student who has reached age 18 or is attending a postsecondary school.

*Parent* – A biological or adoptive parent of a student, a guardian of a student, or an individual acting as a parent or guardian in the absence of the student’s parent or guardian.

*Student* – Any person who attends or has attended a school in the school district and for whom the district maintains education records.

Health Information

Student health information is a type of student record that is particularly sensitive and protected by numerous state and federal laws. Student health information shall be protected from unauthorized, illegal or inappropriate disclosure by adherence to the principles of confidentiality and privacy. The information shall be protected regardless of whether the information is received orally, in writing or electronically and regardless of the type of record or method of storage.
Parent and Eligible Student Access

All parents may inspect and review their student's education records, seek amendments, consent to disclosures and file complaints regarding the records as allowed by law. These rights transfer from the parent to the student once the student becomes an eligible student; however, under the 36 Missouri Sunshine Law, parents maintain some rights to inspect student records even after a student turns 18. The district will extend the same access to records to either parent, regardless of divorce, custody or visitation rights, unless the district is provided with evidence that the parent's rights to inspect records have been legally modified. If a parent or eligible student believes an education record related to the student contains information that is inaccurate, misleading or in violation of the student's privacy, the parent or eligible student may use the appeals procedures created by the superintendent or designee to request that the district amend the record. The district will annually notify parents and eligible students of their rights in accordance with law.

Directory Information

Directory information is information contained in an education record of a student that generally would not be considered harmful or an invasion of privacy if disclosed without the consent of a parent or eligible student. The district will designate the types of information included in a directory information and release this information without first obtaining consent from a parent or eligible student unless a parent or eligible student notifies the district in writing as directed. Parents and eligible students will be notified annually of the information the district has designated as directory information and the process for notifying the district if they do not want the information released.

Even if parents or eligible students notify the district in writing that they do not want directory information disclosed, the district may still disclose the information if required or allowed to do so by law. For example, the district may require students to disclose their names, identifiers or district e-mail addresses in classes in which they are enrolled, or students may be required to wear, publicly display or disclose a student identification card or badge that exhibits information that is designated as directory information.

The school district designates the following items as directory information.

General Directory Information – The following information the district maintains about a personally identifiable student may be disclosed by the district to the school community through, for example, district publications, or to any person without first obtaining written consent from a parent or eligible student:

Student's name; grade level; enrollment status (e.g., full-time or part-time); participation in district-sponsored or district-recognized activities and sports; weight and height of members of athletic teams; dates of attendance; degrees, honors and awards received; artwork or course work displayed by the district; schools or school districts previously attended; and photographs, videotapes, digital images and recorded sound unless such records would be considered harmful or an invasion of privacy.

Limited Directory Information – In addition to general directory information, the following information the district maintains about a personally identifiable student may be disclosed to: school officials with a legitimate educational interest; parent groups or booster clubs that are
recognized by the Board and are created solely to work with the district, its staff, students and
parents and to raise funds for district activities; parents of other students enrolled in the same
school as the student whose information is released; students enrolled in the same school as
the student whose information is released; governmental entities including, but not limited to,
law enforcement, the juvenile office and the Children's Division (CD) of the Department of Social
Services:
The student's address, telephone number and e-mail address and the parents' addresses,
telephone numbers and e-mail addresses.

Law Enforcement Access

The district may report or disclose education records to law enforcement and juvenile justice
authorities if the disclosure concerns law enforcement's or juvenile justice authorities' ability to
effectively serve, prior to adjudication, the student whose records are released. The officials
and authorities to whom such information is disclosed must comply with applicable restrictions
set forth in federal law.

If the district reports a crime committed by a student with a disability as defined in the
Individuals with Disabilities Education Act (IDEA), the district will transmit copies of the special
education and disciplinary records to the authorities to whom the district reported the crime as
allowed by law.

Law enforcement officials also have access to directory information and may obtain access to
student education records in emergency situations as allowed by law. Otherwise, law
enforcement officials must obtain a subpoena or consent from the parent or eligible student
before a student's education records will be disclosed.

Children's Division Access

The district may disclose education records to representatives of the CD when reporting child
abuse and neglect in accordance with law. Once the CD obtains custody of a student, CD
representatives may also have access to education records in accordance with law. CD
representatives may also have access to directory information and may obtain access to
student education records in emergency situations, as allowed by law.

Military and Higher Education Access

The district will disclose the names, addresses and telephone numbers of secondary school
students to military recruiters or institutions of higher education as required by law unless the
parent or student notifies the district in writing not to disclose the information to those entities.

Prohibition against Discrimination, Harassment and Retaliation

General Rule

The Hickman Mills C-1 School District Board of Education is committed to maintaining a
workplace and educational environment that is free from discrimination and harassment in
admission or access to, or treatment or employment in, its programs, services, activities and
facilities. In accordance with law, the district strictly prohibits discrimination and harassment
against employees, students or others on the basis of race, color, religion, sex, national original
ancestry, disability, age, genetic information or any other characteristic protected by law. The
Hickman Mills C-1 School District is an equal opportunity employer.

The Board also prohibits:
1. Retaliatory actions including, but not limited to, acts of intimidation, threats, coercion or discrimination against those who:
   a. Make complaints of prohibited discrimination or harassment.
   b. Report prohibited discrimination or harassment.
   c. Participate in an investigation, formal proceeding or informal resolution, whether conducted internally or outside the district, concerning prohibited discrimination or harassment.
2. Aiding, abetting, inciting, compelling or coercing discrimination, harassment or retaliatory actions.
3. Discrimination, harassment or retaliation against any person because of such person’s association with a person protected from discrimination or harassment in accordance with this policy.

All employees, students and visitors must immediately report to the district for investigation any incident or behavior that could constitute discrimination, harassment or retaliation in accordance with this policy. If discrimination, harassment or retaliation that occurs off district property and that is unrelated to the district's activities negatively impacts the school environment, the district will investigate and address the behavior in accordance with this policy, as allowed by law.

Additional Prohibited Behavior

Behavior that is not unlawful or does not rise to the level of illegal discrimination, harassment or retaliation might still be unacceptable for the workplace or the educational environment. Demeaning or otherwise harmful actions are prohibited, particularly if directed at personal characteristics including, but not limited to, socioeconomic level, sexual orientation or perceived sexual orientation.

Boy Scouts of America Equal Access Act

As required by law, the district will provide equal access to district facilities and related benefits and services and will not discriminate against any group officially affiliated with the Boy Scouts of America, the Girl Scouts of the United States of America or any other youth group designated in applicable federal law.

Interim Measures

When a report is made or the district otherwise learns of potential discrimination, harassment or retaliation, the district will take immediate action to protect the alleged victim, including implementing interim measures. For example, the district may alter a class seating arrangement, provide additional supervision for a student or suspend an employee pending an investigation. The district will take immediate steps to prevent retaliation against the alleged victim, any person associated with the alleged victim, or any witnesses or participants in the investigation. These steps may include, but are not limited to, notifying students, employees and others that they are protected from retaliation, ensuring that they know how to report future complaints, and initiating follow-up contact with the complainant to determine if any additional acts of discrimination, harassment or retaliation have occurred.
Consequences and Remedies

If the district determines that discrimination, harassment or retaliation have occurred, the district will take prompt, effective and appropriate action to address the behavior, prevent its recurrence and remedy its effects.

Employees who violate this policy will be disciplined, up to and including employment termination. Students who violate this policy will be disciplined, which may include suspension or expulsion. Patrons, contractors, visitors or others who violate this policy may be prohibited from school grounds or otherwise restricted while on school grounds. The superintendent or designee will contact law enforcement or seek a court order to enforce this policy when necessary or when actions may constitute criminal behavior.

Students, employees and others will not be disciplined for speech in circumstances where it is protected by law.

In accordance with law and district policy, any person suspected of abusing or neglecting a child will be reported to the Children’s Division (CD) of the Department of Social Services. Remedies provided by the district will attempt to minimize the burden on the victim. Such remedies may include, but are not limited to: providing additional resources such as counseling, providing access to community services, assisting the victim in filing criminal charges when applicable, moving the perpetrator to a different class or school, providing an escort between classes, or allowing the victim to retake or withdraw from a class. The district may provide additional training to students and employees, make periodic assessments to make sure behavior complies with district policy, or perform a climate check to assess the environment in the district.

1. Sexual advances and requests or pressure of any kind for sexual favors, activities or contact.

Compliance Officer

The Board designates the following individual to act as the district’s compliance officer:

Associate Superintendent – Human Resources & Accountability
5401 E. 103rd St., Kansas City, MO 64137
816-316-7000
CaseyK@hickmanmills.org

In the event the compliance officer is unavailable or is the subject of a report that would otherwise be made to the compliance officer, reports should instead be directed to the acting compliance officer:

Superintendent
5401 E. 103rd St., Kansas City, MO 64137
816-316-7000
YawO@hickmanmills.org

The compliance officer or acting compliance officer will:

1. Coordinate district compliance with this policy and the law.
2. Receive all grievances regarding discrimination, harassment and retaliation in the Hickman Mills C-1 School District.
3. Serve as the district’s designated Title IX, Section 504 and Americans with Disabilities Act (ADA) coordinator, as well as the contact person for compliance with other discrimination laws.

4. Investigate or assign persons to investigate grievances; monitor the status of grievances to ensure that additional discrimination, harassment and retaliation do not occur; and recommend consequences.

5. Review all evidence brought in disciplinary matters to determine whether additional remedies are available, such as separating students in the school environment.

6. Determine whether district employees with knowledge of discrimination, harassment or retaliation failed to carry out their reporting duties and recommend disciplinary action, if necessary.

7. Communicate regularly with the district's law enforcement unit to determine whether any reported crimes constitute potential discrimination, harassment or retaliation.

8. Oversee discrimination, harassment or retaliation grievances, including identifying and addressing any patterns or systemic problems and reporting such problems and patterns to the superintendent or the Board.

9. Seek legal advice when necessary to enforce this policy.

10. Report to the superintendent and the Board aggregate information regarding the number and frequency of grievances and compliance with this policy.

11. Make recommendations regarding changing this policy or the implementation of this policy.

12. Coordinate and institute training programs for district staff and supervisors as necessary to meet the goals of this policy, including instruction in recognizing behavior that constitutes discrimination, harassment and retaliation.

13. Perform other duties as assigned by the superintendent.

Public Notice

The superintendent or designee will continuously publicize the district’s policy prohibiting discrimination, harassment and retaliation and disseminate information on how to report discrimination, harassment and retaliation. Notification of the district's policy will be posted in a public area of each building used for instruction or employment or open to the public. Information will also be distributed annually to employees, parents/guardians and students as well as to newly enrolled students and newly hired employees. District bulletins, catalog, application forms, recruitment material and the district’s website will include a statement that the Hickman Mills C-1 School District does not discriminate in its programs, services, activities, facilities or with regard to employment. The district will provide information in alternative formats when necessary to accommodate persons with disabilities.

Reporting

Students, employees and others may attempt to resolve minor issues by addressing concerns directly to the person alleged to have violated this policy, but they are not expected or required to do so. Any attempts to voluntarily resolve a grievance will not delay the investigation once a report has been made to the district.

Unless the concern is otherwise voluntarily resolved, all persons must report incidents that might constitute discrimination, harassment or retaliation directly to the compliance officer or acting compliance officer. All district employees will instruct all persons seeking to make a grievance to communicate directly with the compliance officer. Even if the potential victim of discrimination, harassment or retaliation does not file a grievance, district employees are required to report to the compliance officer any observations, rumors or other information
regarding actions prohibited by this policy. If a verbal grievance is made, the person will be
asked to submit a written complaint to the compliance officer or acting compliance officer. If a
person refuses or is unable to submit a written complaint, the compliance officer will summarize
the verbal complaint in writing. A grievance is not needed for the district to take action upon
finding a violation of law, district policy or district expectations.

Even if a grievance is not directly filed, if the compliance officer otherwise learns about possible
discrimination, harassment or retaliation, including violence, the district will conduct a prompt,
impartial, adequate, reliable and thorough investigation to determine whether unlawful conduct
occurred and will implement the appropriate interim measures if necessary.

**Student-on-Student Harassment**

Building-level administrators are in a unique position to identify and address discrimination,
harassment and retaliation between students, particularly when behaviors are reported through
the normal disciplinary process and not through a grievance. The administrator has the ability to
immediately discipline a student for prohibited behavior in accordance with the district’s
discipline policy. The administrator will report all incidents of discrimination, harassment and
retaliation to the compliance officer and will direct the parent/guardian and student to the
compliance officer for further assistance. The compliance officer may determine that the
incident has been appropriately addressed or recommend additional action. When a
grievance is filed, the investigation and complaint process detailed below will be used.

**Investigation**

The district will immediately investigate all grievances. All persons are required to cooperate
fully in the investigation. The district compliance officer or other designated investigator may
utilize an attorney or other professionals to conduct the investigation.
In determining whether alleged conduct constitutes discrimination, harassment or retaliation, the
district will consider the surrounding circumstances, the nature of the behavior, the relationship
between the parties involved, past incidents, the context in which the alleged incidents occurred
and all other relevant information. Whether a particular action or incident constitutes a violation
of this policy requires a determination based on all of the facts and surrounding circumstances.
If, after investigation, school officials determine that it is more likely than not (the preponderance
of the evidence standard) that discrimination, harassment or other prohibited behavior has
occurred, the district will take immediate corrective action.

**Grievance Process Overview**

1. If a person designated to hear a grievance or appeal is the subject of the grievance, the
   compliance officer may designate an alternative person to hear the grievance, or the next
   highest step in the grievance process will be used. For example, if the grievance involves
   the superintendent, the compliance officer may designate someone outside the district to
   hear the grievance in lieu of the superintendent, or the grievance may be heard directly by
   the Board.
2. An extension of the investigation and reporting deadlines may be warranted if extenuating
circumstances exist as determined by the district’s compliance officer. The person filing the
   complaint will be notified when deadlines are extended. If more than twice the allotted time
   has expired without a response, the appeal may be taken to the next level.
3. Failure of the person filing the grievance to appeal within the timelines given will be
   considered acceptance of the findings and remedial action taken.
4. The district will investigate all grievances, even if an outside enforcing agency such as the Office for Civil Rights, law enforcement or the CD is also investigating a complaint arising from the same circumstances.

5. The district will only share information regarding an individually identifiable student or employee with the person filing the grievance or other persons if allowed by law and in accordance with Board policy.

6. Upon receiving a grievance, district administrators or supervisors, after consultation with the compliance officer, will implement interim measures as described in this policy if necessary to prevent further potential discrimination, harassment or retaliation during the pending investigation.

Grievance Process

1. Level I – A grievance is filed with the district's compliance officer. The compliance officer may, at his or her discretion, assign a school principal or other appropriate supervisor to conduct the investigation when appropriate. Regardless of who investigates the grievance, an investigation will commence immediately, but no later than five working days after the compliance officer receives the grievance. The compliance officer or designee shall conduct a prompt, impartial, adequate, reliable and thorough investigation, including the opportunity for the person filing the grievance and other parties involved to identify witnesses and provide information and other evidence. The compliance officer or designee will evaluate all relevant information and documentation relating to the grievance. Within 30 working days of receiving the grievance, the compliance officer will complete a written report that summarizes the facts and makes conclusions on whether the facts constitute a violation of this policy based on the appropriate legal standards. If a violation of this policy is found, the compliance officer will recommend corrective action to the superintendent to address the discrimination, harassment or retaliation; prevent recurrence; and remedy its effects. If someone other than the compliance officer conducts the investigation, the compliance officer or acting compliance officer will review and sign the report. The person who filed the grievance, the victim if someone other than the victim filed the grievance, and any alleged perpetrator will be notified in writing, within five working days of the completion of the report, in accordance with law and district policy, regarding whether the district's compliance officer or designee determined that district policy was violated.

2. Level II – Within five working days after receiving the Level I decision, the person filing the grievance, the victim if someone other than the victim filed the grievance, or any alleged perpetrator may appeal the compliance officer’s decision to the superintendent by notifying the superintendent in writing. The superintendent may, at his or her discretion, designate another person (other than the compliance officer) to review the matter when appropriate. Within ten working days, the superintendent will complete a written decision on the appeal, stating whether a violation of this policy is found and, if so, stating what corrective actions will be implemented. If someone other than the superintendent conducts the appeal, the superintendent will review and sign the report before it is given to the person appealing. A copy of the appeal and decision will be given to the compliance officer or acting compliance officer. The person who initially filed the grievance, the victim if someone other than the victim filed the grievance, and any alleged perpetrator will be notified in writing, within five working days of the superintendent's decision, regarding whether the superintendent or designee determined that district policy was violated.

3. Level III – Within five working days after receiving the Level II decision, the person filing the grievance, the victim if someone other than the victim filed the grievance, or any alleged perpetrator may appeal the superintendent’s decision to the Board by notifying the Board
The person filing the grievance and the alleged perpetrator will be allowed to address the Board, and the Board may call for the presence of such other persons deemed necessary. The Board will issue a decision within 30 working days for implementation by the administration. The Board secretary will give the compliance officer or acting compliance officer a copy of the appeal and decision. The person who filed the grievance, the victim if someone other than the victim filed the grievance, and the alleged perpetrator will be notified in writing, within five working days of the Board's decision, in accordance with law and district policy, regarding whether the Board determined that district policy was violated. The decision of the Board is final.

Confidentiality and Records

To the extent permitted by law and in accordance with Board policy, the district will keep confidential the identity of the person filing a grievance and any grievance or other document that is generated or received pertaining to grievances. Information may be disclosed if necessary to further the investigation, appeal or resolution of a grievance, or if necessary to carry out disciplinary measures. The district will disclose information to the district's attorney, law enforcement, the CD and others when necessary to enforce this policy or when required by law. In implementing this policy, the district will comply with state and federal laws regarding the confidentiality of student and employee records. Information regarding any resulting employee or student disciplinary action will be maintained and released in the same manner as any other disciplinary record. The district will keep any documentation created in investigating the complaint including, but not limited to, documentation considered when making any conclusions, in accordance with the Missouri Secretary of State's retention manuals and as advised by the district's attorney.

Training

The district will provide training to employees on identifying and reporting acts that may constitute discrimination, harassment or retaliation. The district will instruct employees to make all complaints to the district's compliance officer or acting compliance officer and will provide current contact information for these persons. The district will inform employees of the consequences of violating this policy and the remedies the district may use to rectify policy violations. All employees will have access to the district's current policy, required notices and complaint forms. The district will provide additional training to any person responsible for investigating potential discrimination, harassment or retaliation. The district will provide information to parents/guardians and students regarding this policy and will provide age-appropriate instruction to students.

Title I Parent's Right to Know

At the beginning of each school year, the Hickman Mills C-1 School District must inform you of information that you, according to the Every Student Succeeds Act of 2015 (Public Law 114-95), have the right to know. • Whether your child is provided services by paraprofessionals and, if so, their qualifications.

In addition to the information that parents may request, a building receiving Title I.A. funds must provide to each individual parent:

• Information on the level of achievement and academic growth of your student, if applicable and available, on each of the State academic assessments required under Title I.A.
• Timely notice that your student has been assigned, or has been taught for 4 or more consecutive weeks by, a teacher who has not met applicable State certification or licensure requirements at the grade level and subject area in which the teacher has been assigned.

Our staff is committed to helping your child succeed academically. That commitment includes making sure that all of our teachers and paraprofessionals are highly skilled. If you would like to request any of the above information, please contact the principal at your child’s school or LaTanya Franklin, Assistant Superintendent of Curriculum and Instruction at 816-316-7000.

SECTION IV—GENERAL SCHOOL PROCEDURES

Building Safety

Safety for each of our students is of the utmost importance!

- Please use the main entrance at all times!
- It is district policy for all visitors to check in with the office before visiting the classroom. We welcome parent visitations, but in order to ensure safety, all visitors must check in at the Office and receive a building pass before entering the classroom.
- Children needing to be picked up early from class must have a parent sign them out in the Office.
- If children are to be picked up by someone other than the usual designated adult, please contact the office by 1 hour before dismissal time. This assures the safety of all children and makes dismissal more efficient.

Bus Expectations—Prekindergarten

All bus riders must have a completed bus form on file and kept up-to-date. If a student is absent from school, the parent/guardian may contact the Apple Bus Company to notify the bus driver. The school must be notified of any change to bus pick-up or drop-off address and must allow hours of the change in advance for the change to be valid. The school bus is not able to pull into cul-de-sacs or parking lots at any daycare or apartment. The childcare provider will be responsible for meeting the bus on the main street.

Bus Expectations – Elementary

Students are expected to observe regular rules for good bus conduct. Students will be expected to sit on the bus where assigned and remain seated until the bus arrives at the student’s stop. Students are expected to keep the aisles clear and avoid all behaviors which may distract the bus driver. If damage is caused on the bus, the offender is expected to make restitution. Respect for the driver and other students will be expected at all times.

Riding the bus is a privilege, not a right. Students who violate bus rules and jeopardize the safety of others may forfeit bus riding privileges. If your child will not be riding the bus home on any given day, the school must have a note signed by the parent indicating the change. All students must ride their designated bus unless other arrangements have been made and verified by the office.

Bus Expectations – Secondary

Students are expected to follow all bus procedures and guidelines. If a student cannot comply with the regulations, the student will be denied the privilege of riding the bus. The school may also impose additional consequences beyond denial of transportation. Requests for students to ride an unassigned bus must be made in writing by a parent/guardian and turned in to the office for approval.

School Cancellation

In case of inclement weather, please listen to local TV and radio stations, check the district
website and Twitter. Additionally, a call will be made to each student's home.

**School Supplies**

Please Check District website for individual school lists.

**Illness and Medication Guidelines**

The parent/guardian will be contacted when the child become ill during the school day. The school must have emergency phone numbers of persons who can pick up the student if Necessary.

A child who has a temperature elevation, or who has had vomiting or diarrhea within the last 24 hours, or who shows other signs of illness should be kept home. The district policy before returning to school is that the child should have a normal temperature and be in normal health for 24 hours. When a child comes to school ill, the child exposes others to the illness. Any contagious disease should be reported to the school nurse immediately.

A parent/guardian must complete a permission form with specific directions BEFORE any medication will be given to the child. The school nurse or designee must administer medications given at school. Any prescription medication must be labeled with the child’s name, name of medication, medication strength, dosage schedule, date prescribed, AND must be in the original container.

**Field Trips Elementary (Pre-K though Grade 6)**

Field trips provide experiential learning experiences and are an extension of daily instructional activities. Preschool children who participate in an educational field trip have consistently demonstrated behaviors that would pose a safety risk.

Children will not be allowed to participate in the field trip if the signed permission slip has not been returned to school. Departure time from the Early Childhood Center is promptly after arrival times. Be sure to arrive on time. Provisions for the care of your child will be the responsibility of the parent if you arrive late or do not have the required permission slip signed and returned to the teacher.

**Field Trips Secondary**

All district and school policies are in effect while a student is in attendance at a school activity, either home or away, and the student is expected to conduct themselves in a respectable and creditable manner. If parents/guardians are present at an activity and personally request of the supervising sponsor, then the student can be discharged to the parents/guardians care. Any other arrangements must be made in advance with approval of an administrator.

*ALL field trips are subject to approval from the building administrator. The parent/guardian must sign and return a field trip permission form before the student can participate in a field trip.*

**Early Pickup from School**

In order to assure the safety of our students, any individual coming to school to pick up a child before dismissal will be asked to provide identification and sign out at the front office. Students
will not be released to any person not listed on the student’s record. The school will not release a child to an individual unless they have been previously contacted by the office.

Emergency Information

The parent/guardian is responsible for keeping the school office and the classroom teacher informed of any changes in home address, phone numbers, and/or emergency contacts. It is in the student’s best interest that accurate contact information is available when necessary.

Emergency drills are conducted on a regular basis. In the event of an actual emergency, the school will move students quickly to the safest spot in and/or out of the building. Parents/guardians will be contacted as soon as possible.

Health Services

All medications, including inhalers, must be brought to school by an adult, stored by the nurse, and a permission form must be signed before administration of any medications. Students are not permitted to carry any medications while at school.

Reporting Student Progress

Hickman Mills C-1 School District recognizes the rights of parents/guardians to be informed of their children’s instructional level, academic progress, and growth toward mastery of standards. Teachers communicate student progress to parents/guardians through a system of progress reports, conferences, and other school-based forms of communication.

The report cards that are issued each grading period can be interpreted by the teacher at a conference. Report cards are only a part of the reporting system. Conferences and samples of work sent home throughout the year are designed to keep parents/guardians informed of the child’s progress.

Regular conferences are an important part of the school’s reporting system. Conference times are scheduled each year. The teacher will send written invitation, which should be answered promptly for efficient scheduling. Conferences can also be scheduled by contacting the school for an appointment. Conference times vary according to individual school schedules.

Homework

If a student is absent from school, the parent/guardian can request homework assignments in advance. Assignments may be picked up at the end of the school day. Missed assignments must be made up in a reasonable amount of time. As a general rule, a student should have the same number of days to make up work as the number of days absent.
