Crittenton Parental-Family Involvement Plan 2019-2020

Crittenton School is committed to a culture of continuous improvement in which everyone is working to improve teaching and learning throughout the organization. We work together to help our students learn social-emotional skills and self regulation, building strong, positive relationships, and holding our students to high expectations academically and socially. Ultimately, our success happens when there is a positive relationship between the school, students, parents/guardians, and other community support members. Each year, we will develop a **Parental-Family Involvement Plan** to provide regular opportunities for us to exchange ideas about how we can support and promote the educational growth of each student. Listed below are ways in which you can become involved in your child's educational experience during the school year!

Opportunities for Parents/Guardians to Support Student Academic Achievement

Each year, the TCM or Principal will contact you to develop a home/school connection and to provide you with an email address and phone number for you to contact them with any questions or concerns.
